

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, FOS/FBIS

DATE: 15 June 1961

FROM : Acting Chief, BIS/FBIS

SUBJECT: Contribution for June FBIS Letter of Information

During the past month, USIA requested the Broadcast Information Section to supply in hours and minutes weekly the amount of broadcasting in each African language and dialect by broadcasting stations throughout the world. BIS contributed all the information available and pointed out the difficulty in obtaining such information, especially from African stations. Whereupon, USIA, working through the Liaison and Requirements Office of FBIS, has undertaken to ask each African post to supply as complete a broadcasting schedule from each country as it is possible to obtain at the present time. BIS, in return, will publish annually a schedule for each African country with a complete language breakdown.
